WHAT'S NEW FOR 2018-2019

Several important changes were made to the hunting and trapping regulations for the 2018-2019 seasons. Among the primary changes are:

1. Out of state hunters – Due to the threat of CWD, TN has new rules on bringing harvested big game back into TN, see pg. 30 or tnCWDfree.org for more details.
2. Waterfowl hunting regulations now included in this Guide, goose seasons have expanded (see pg. 23).
3. The antlered deer definition has changed, bag limit remains at two (2) (see pg. 33).
4. New early private land archery season for antlered deer (see pg. 32).
5. The Fall turkey season is now limited to bearded birds only (see pg. 39).
6. Bears may now be checked in online or via the TWRA mobile app (see pg. 31).
7. Youth age 16 may now participate in the Youth Waterfowl Season; Feb. 2 and Feb. 9, 2019 .
8. Adults accompanying youth during Youth Waterfowl Season (Feb. 2 and Feb. 9, 2019) MAY NOT hunt any migratory game birds in season.
9. Successful statewide sandhill crane permittees will now be issued two (2) tags per hunter.
10. Private-lands raccoon season closed in several counties (see pg. 16).
11. UAV (Unmanned Aerial Vehicles or drones) cannot be used to hunt any wildlife (see pg. 14).
12. A change was made in allowable methods of use of #110 body grip traps (see pg. 14).
13. Air guns, .35 cal. and larger, are now legal to use when hunting Big Game, Furbearers and Crows during the modern gun seasons only (see pg. 14).
14. For persons that possess a permanent disabled TWRA license (Type 168,169,189, or 198 only), pre-charged pneumatic guns which shoot arrows ("Airbows") are now legal during Archery seasons.
15. During the modern gun season for deer, bear, elk and turkey, all hunters may use pre-charged pneumatic guns which shoot arrows ("Airbows") (see pg. 14).
16. Beginning with the 2019-2020 Hunting Season, only synthetic deer and elk urine lures will be permitted.

About this Guide

This high-quality regulation guide is offered to you by the Tennessee Wildlife Resources Agency through its unique partnership with The Bingham Group. The revenue generated through ad sales significantly lowers production costs and generates savings. These savings translate into additional funds for other important fisheries and habitat programs. Promotional advertisement does not constitute endorsement by TWRA.

Hunting and fishing license sales and federal excise taxes comprise over 90 percent of the TWRA's hunting and fishing operating revenues. Thank you for buying a hunting and fishing license. Without your support, Tennessee would not have fish and wildlife management programs.

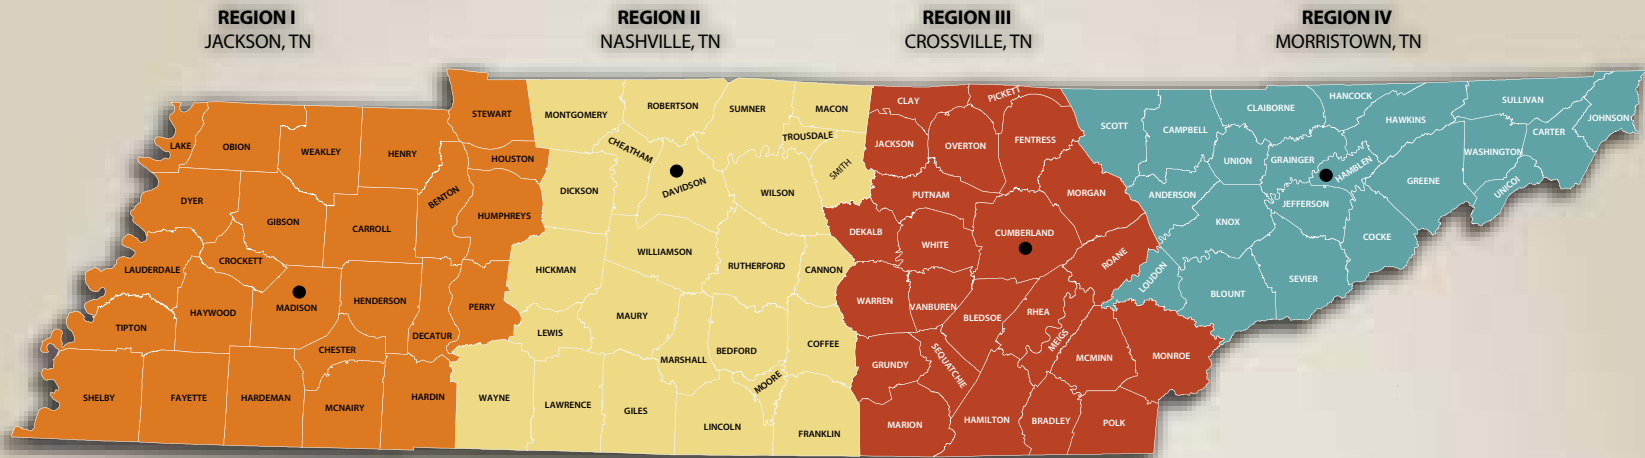

The publication is not a legal document. It is a summary of Tennessee's hunting and trapping regulations. More detailed information on hunting and trapping is available from all TWRA offices.

Equal opportunity to participate in and benefit from programs of the Tennessee Wildlife Resources Agency is available to all persons without regard to their race, color, national origin, sex, age, disability, or military service. TWRA is also an equal opportunity/equal access employer. Questions should be directed to TWRA, Human Resources Office, P.O. LICENSE FEES

Hunting and fishing licenses go on sale February 18 each year, the beginning of prime fishing, and are valid through the last day of February the following year.

Note: A Social Security Number is required to purchase a Tennessee hunting or fishing license.

Seasons are subject to change. License fees are subject to change. Migratory bird seasons are determined by federal regulations. Most licenses, except the Lifetime Sportsman License and specialty licenses, such as Wheelchair, Disabled Veteran, SSI (Supplemental Security Income) and Blind Fishing licenses, are available from most county clerks, sporting goods stores, hardware stores, marinas, the TWRA website (www.tnwildlife.org) and all TWRA regional offices.

Native Tennessean

Nonresidents who were born in Tennessee may apply for Native Tennessean annual licenses. These licenses provide nonresidents born in the state but no longer residing in the state, the opportunity to purchase annual Tennessee hunting/fishing/trapping licenses at the same cost as residents. Available by application only. Details and application available online at www.tnwildlife.org.

Missplaced a License?

All hunting and fishing licenses may be replaced at any license agent, including the Lifetime Sportsman License. Please verify your address at the time of purchase. All duplicate licenses cost \$8.00. Print online at no cost www.gooutdoorstennessee.com.

Resident Licenses

Resident licenses can be purchased by:

- Persons who possess a valid Tennessee driver's license or Tennessee state ID issued by the Department of Safety. Tennessee state law requires drivers to obtain a Tennessee drivers license within 30 days of residency. Out-of-state driver's license only accepted for Military Personnel and Students meeting the criteria below.
- Persons who do not drive or do not possess a valid driver's license from another state, but who have lived in Tennessee for 90 consecutive days with the genuine intent of making Tennessee their permanent home, may prove residency by presenting to a TWRA license agent any two of the following documents:
 - current Tennessee voter registration card
 - current Tennessee vehicle registration or title
 - Form I-94 issued by the U.S. Citizenship & Immigration Service
 - current rental/mortgage contract or receipt including deed of sale for property or receipt for payment of Tennessee real estate taxes within last year
- Military personnel on active duty in this state and children under 16 years of age who reside with them, regardless of Tennessee resident status.
- Students who are enrolled in a Tennessee school, college or university for at least six months, with student ID.

Lifetime Sportsman

Age determines the cost.

An all-inclusive lifetime license available to Tennessee residents only is valid for hunting, trapping and sportfishing without any TWRA supplemental licenses or permits (not including the Tennessee Guide License). It allows holders to apply for quota permits at no additional fee. This license is available via application only, that must be sent in with the required supplemental information. Applications are available at your local TWRA office and the TWRA website.

Applications must be submitted by mail, fax (615-837-4262), to TWRA regional offices, or email (lifetime.license@tn.gov).

This is a supplemental license in lieu of a hunter education certificate. **All other applicable hunting licenses and/or permits are required.** This license is available to all hunters 10 years of age or older who have not completed the mandatory hunter education course. It exempts the hunter from the mandatory hunter education law for one year from the date of purchase, but may only be purchased for up to three consecutive years during the lifetime of the hunter. Hunters who possess this license must be accompanied by an adult, 21 years of age or older, who must meet the hunter education requirements and be able to take immediate control of the hunting device.

Guide License

This license is required for anyone who accepts compensation for providing assistance to another in any act of hunting, fishing, and/or trapping and is only available via application.

Resident Guide License (Type 450)	\$151.00
Nonresident Guide License (Type 455)	\$651.00

Federal Duck Stamp \$25.00

Federal law requires that each waterfowl hunter, age 16 and over, carry on his/her person, in addition to a hunting license and state migratory bird permit, a valid Federal Migratory Bird Hunting and Conservation Stamp (Federal Duck Stamp) signed in ink across the face. These can be obtained through the Post Office and www.tnwildlife.org. The stamps can also be purchased online at www.duckstamp.com.

Migratory Bird Permit Required

Resident and nonresident hunters must possess a Tennessee Migratory Bird Permit to hunt waterfowl and other migratory birds in Tennessee, available anywhere hunting and fishing licenses are sold. The following do not need but are encouraged to acquire this permit:

- Landowners hunting on their own land
- Permanent license holders
- Tennessee residents 65 years or older
- Tennessee residents under 13 years of age
- Lifetime license holders
- Military personnel on leave or furlough (with leave papers)

Migratory Bird Permit (Type 006)	\$2.00
Migratory Bird Permit (Type 007) Only available to Annual Sportsman license holders.	No Fee

Hunter Education Replacement Card (Type 500) \$8.00

To replace a Hunter Education card at a TWRA license agent location, first contact your TWRA Regional Office during normal business hours. Verify that your Hunter Education number has been updated in the TWRA license system. Then you may go to a TWRA license agent and purchase a Type 500 Hunter Education Card Replacement. See page 10 and online for Hunter Education requirements to hunt in Tennessee.

Wildlife Management Area Permits

Everyone who hunts on Wildlife Management Areas is required to have a WMA permit except Sportsman License holders and youths under age 16 hunting small game and waterfowl. Youth hunters must be accompanied by an adult with a valid WMA small game permit. Youths under 6 may not hunt big game on a WMA. **All ages need a Type 094 for statewide antlerless deer gun season and Unit L antlerless private lands hunts.**

WMA Small Game and Waterfowl (Type 091)	\$62.00

Federal Refuges

\$15.00

Type 064 - This permit is required for Cross Creeks and Tennessee National Refuge for **all** hunters including Sportsman License holders.

Reelfoot Preservation Permit

Required for all users of Reelfoot WMA except those under 16 years of age, residents 65 years or older and Sportsman license holders. Permit cost is the same for residents and nonresidents.

1-Day Reelfoot Preserve. Permit (Type 090)	\$3.50
3-Day Reelfoot Preserve. Permit (Type 088)	\$10.50
Annual Reelfoot Preserve. Permit (Type 089)	\$17.00

High Impact Habitat Conservation Permit

A High Impact Habitat Conservation Permit is required for riding hooved animals, bicycling, and off-highway vehicle use on designated wildlife management areas. Persons holding a valid hunting license with an appropriate permit to hunt on a wildlife management area and youths under age thirteen (13) are exempt. At least one occupant of a Off-Highway Vehicle (OHV) must possess the proper permit(s). No permit shall be required on roads/trails as designated. Off-Highway Vehicle is any vehicle capable of traveling off highways within the state. The term includes all-terrain vehicles, motorcycles, dune buggies and other four-wheeled vehicles used for off-road activities.

This permit is required on the following WMAs (Note: not all activities are permitted on each WMA requiring this permit): Bear Hollow, Bridgestone Firestone - Big Bottom Unit, Catoosa, Cheatham, Forks of the River, Keyes-Harrison, Laurel Hill, Luper Mountain, Mt. Roosevelt, North Chickamauga Creek - Patton Unit, North Cumberland, Pea Ridge, Skinner Mountain, Williamsport, Yanahli. Refer to the individual listing for each WMA for more specific information on which activities are permitted.

Resident Daily Permit (Type 036)	\$15.50
Nonresident Annual Permit (Type 037)	\$233.00
Nonresident Daily Permit (Type 038)	\$37.50

LICENSE EXEMPTIONS AND HUNTER EDUCATION INFORMATION

License Exemptions

- Residents born before March 1, 1926 (with proof of age and residency).
- Military personnel on leave carrying leave papers.
- Landowners, their spouses and children who hunt on farmland which is owned by said landowners. The aforementioned must be residents of Tennessee but need not reside on the land. This license exemption does not apply if the farmland is owned jointly or in common by unrelated persons.
- Resident grandchildren (under the age of 16) and resident great-grandchildren (under the age of 16) who hunt on farmland which is owned by their resident grandparents or great-grandparents. (See below, Farmland Owner License Exemption.)
- Tenants, their spouses and their dependent children who hunt on farmland which is owned by an individual or a family. The aforementioned must be residents of Tennessee and must actually reside on the land and have permission of the landowner to hunt. A tenant is a person who, for money, free rent or other consideration, cares for farmland. The tenancy must be agricultural in nature.
- First cousins who own farmland jointly or in common may fish and hunt small game on the farmland. Their children may fish and hunt small game as well.
- Resident and nonresident youths under 13. Hunters ages 10–12 need only a hunter education certificate to hunt. However, youths 6–16 hunting big game on a WMA must have

a valid Type 094 or Type 095 permit or quota permit, as applicable.

Farmland Owner License Exemption

Persons hunting without a license under a resident farmland owner exemption must complete and sign a statement attesting where the property is located and how this land qualifies for a landowner exemption. Persons may complete the form in advance and carry it with them while hunting or they may complete the form when requested in the field by a TWRA official or when checking game. A form is provided on page 62 of this guide. Additional forms are available at TWRA offices and TWRA's website (www.tnwildlife.org). Landowners and their children hunting on their parent's land under this exemption are also exempt from Hunter Education Certification requirements and blaze orange requirements.

Mandatory Hunter Education

All hunters, resident or nonresident, born on or after Jan. 1, 1969, must possess proof that they have successfully completed a Hunter Education course. Hunter Education certification is accepted from all other states. Those under 10 years of age do not need a Hunter Education certificate, but must be accompanied by an adult at least 21 years of age who must remain in a position to take immediate control of the hunting device. Call your local TWRA office or visit the TWRA's website at www.tnwildlife.org for a listing of scheduled Hunter Education classes.

Hunter Education Field Day Exemption

An exemption for the Tennessee Hunter Education Online Field Day is available for anyone 21 years of age or older. To receive this exemption and a Tennessee Hunter Education card and certificate, you must follow these steps.

Step 1: Complete one of the following online classes:

Option 1 - Complete the following online class: www.Hunter-Ed.com this course costs \$28.95

or

Option 2: Complete the following online class: www.HunterCourse.com this course costs \$29.00

NOTICE OF INSPECTION LAW: It is the duty of every person participating in the privileges of taking or possessing wildlife to permit agency officers to ascertain whether the requirements of the title are being faithfully complied with, including the possession of a proper license. It is a violation of law to refuse such inspection or to interfere with an officer attempting such inspection.

INTERSTATE WILDLIFE VIOLATOR COMPACT

The **Interstate Wildlife Violator Compact** is an agreement that recognizes the suspension of hunting, fishing, and trapping licenses in member states. This means that illegal activities in one state can affect a person's hunting or fishing privileges in all participating states. Any person whose license privileges or rights are suspended in a member state may also be suspended in Tennessee. If a person's hunting, fishing, or trapping rights are suspended in Tennessee, they may be suspended in member states as well. This cooperative interstate effort will enhance the TWRA's ability to protect and manage our wildlife resources. See our website: www.tnwildlife.org for more information.

GENERAL HUNTING REGULATIONS

Possession of Live Animals

No person shall, at any time or by any means, possess or transport live animals taken under the authority of the hunting and trapping season proclamations. No native species may be taken out of the wild and kept as pets.

Protected Species

The taking, killing and/or illegal possession of hawks, owls, songbirds, endangered species or any other species (i.e. snakes) for which a season is not set is prohibited.

There is evidence cougars and alligators are expanding their territories into Tennessee. Species expanding their ranges into Tennessee are protected and may not be taken until a hunting season is proclaimed. Alligators and cougars are protected by state laws in Tennessee.

Roadkill Law

TCA 70-4-115 allows that, except for non-game and federally protected wildlife species, wild game animals accidentally killed by a motor vehicle may be possessed for personal use and consumption. However, possession of a deer or elk killed by a motor vehicle is permitted only if the person notifies the TWRA or any law enforcement officer and supplies his/her name within 48 hours. A bear killed by a motor vehicle may be possessed only upon the issuance of a receipt from the TWRA. See page 7 for contact information for TWRA regional offices.

Hunting Hours

Crows, doves, ducks (including the early duck season), geese, gallinules, rails, turkey, woodcock, snipe: shooting hours are one-half hour before legal sunrise to legal sunset, except for dove hunting on opening day when shooting hours will begin at noon.

For all other game species except those listed below, legal hunting hours are one-half hour before legal sunrise to one-half hour after legal sunset. Fox and rabbit chasing, furbearer trapping, raccoon, opossum and bullfrog hunting may be done day or night.

Hunting And Trapping On Private Land

In Tennessee, state wildlife laws have always required hunters and trappers to obtain permission from landowners to use private property. In fact, it is advisable to get written permission to hunt and is required to trap. With the passage of TCA 70-4-106 in 1990, a "Hunting By Written Permission" law went into effect. Simply, the law states that if private land has been properly posted by the owner with signs that include his or her name and address plus the wording "HUNTING BY WRITTEN PERMISSION ONLY," a hunter or trapper must carry the owner's written permission (form

available at www.tnwildlife.org). If a hunter or trapper is found without that written permission, that hunter or trapper is subject to prosecution.

Hunting From Motorized Vehicle or Vessel

Where hunting is allowed from vessels, it is legal to hunt from any vessel, so long as the vessel is not under forward motion from any influence of mechanical means or sail. On private property, it is legal to hunt from any motorized vehicle (to include ATVs, golf carts, etc.), provided the vehicle is stationary. Nothing in this subsection shall be construed as authorizing hunting from a vessel, automobile, or other motor vehicle while under power. Nothing in this subsection permits hunting from or across a public road or right-of-way.

Assisting Hunters

Hunters who have filled their seasonal or daily bag limit for any species may continue to accompany other hunters provided they are not in possession of any ammunition or any firearm or archery equipment. This person must also comply with all other legal requirements.

Handgun Carry General Regulations

Persons with a handgun carry permit pursuant to TCA 39-17-1351 may possess a handgun the entire year while on the premises of any TWRA Wildlife Management Area, Public Hunting Area, or Refuge, including North and South

Cherokee. Nothing in this subsection shall authorize a person to use any handgun to hunt unless such person is in full compliance with all wildlife laws, rules and regulations.

For all other Federally managed properties such as refuges and military installations (example: Oak Ridge WMA) contact that specific facility or location.

Treestands

The TWRA urges all deer hunters hunting from treestands to use a fall-restraint system. Most deer hunting accidents involve hunters falling from a treestand. Proper use of a fall-restraint system could prevent or lessen the severity of these accidents.

HAVE YOU SEEN ME?

The Tennessee Furbearer Program is looking for sightings of the eastern spotted skunk.

Eastern Spotted Skunk *Spilogale putorius*

Upside-down triangle on forehead and narrow white stripe beneath the eye

bushy tail is white underneath and at the tip

two stripes run diagonal across each hip; a few white spots on the rear end.

Striped Skunk *Mephitis mephitis*

usually two white stripes down the back

narrow white stripe down the center of the face

long, fluffy, black tail

- Please help us to better understand the status of the species in the state.
- Report any sightings from roadkill, game cameras or catch from fur trapping.
- Spotted skunks eat mice, rats, and insects, helping to control their populations. As scavengers, they help clean up carrion from the woods.

Ways to report:

- Upload your observations to the Eastern Spotted Skunk project at www.tnwildlife.org or use the iNaturalist smartphone app.
- Email photographs with GPS latitude/longitude coordinates (smartphone photos are automatically tagged with this information) to roger.applegate@tn.gov.

3. Waterfowl may only be hunted with non-toxic shot of size T or smaller.
4. Furbearers are defined as beaver, bobcat, coyote, fox, groundhog, mink, muskrat, opossum, river otter, raccoon, skunk and weasel.
5. It is illegal to use rifles and handguns using centerfire ammunition from 30 minutes after sunset to 30 minutes before sunrise.
6. Migratory birds, except waterfowl, may only be hunted with ammunition loaded with No. 4 or smaller shot.
7. Muzzleloading firearms are defined as those firearms which are incapable of being loaded from the breech.
8. Must use a pre-charged pneumatic firing mechanism in addition the air gun must be equipped with a built-in manometer (air pressure gauge).
9. (a) Persons possessing a permanent disabled license (Type 168,169,189 or 198) may use a pre-charged pneumatic gun which shoots an arrow during the archery, deer, bear and elk season as an accommodation for their disability. (b) A pre-charged pneumatic gun which shoots an arrow is legal for all hunters use during modern gun season for deer, bear, elk and turkey.

Prohibited Acts

1. Possession of ammunition except that as specifically authorized is prohibited while hunting.
2. The use or possession and/or the accompanying of anyone using or possessing raccoon calls, squallers, weapons, ammunition, or climbers while training dogs is prohibited during training season, except raccoon calls may be used during authorized field trials.
3. The use of dogs in taking or attempting to take deer or elk is prohibited. Taking or attempting to take deer being pursued by dog(s) is prohibited.
4. Juveniles under the age of eighteen (18) are prohibited from using handguns for the purpose of hunting.
5. No person shall make use of bait to take wildlife unless the bait has been removed and any electronic feeder disabled at least 10 days prior to hunting.
6. Possession of firearms prohibited while

- chasing coyote, fox and bobcat with dogs from the first Saturday in November through the end of the deer season.
7. Use or possession of the following equipment is prohibited:
 - Predator calls while night hunting.
 - Pod arrows (any pod-type device for holding drugs or chemicals on an arrow) or any drugs or chemicals used in pod arrows while archery hunting.
 - Explosive arrowheads while archery hunting.
 - Firearms capable of fully automatic fire.
 - Firearms or archery equipment with any device utilizing an artificial light capable of locating wildlife.
 - Any electronic light amplifying night vision scope, thermal imaging device, or similar devices while in possession of a firearm or archery tackle between sunset and sunrise.
 - Electronic calls or live decoys while hunting wild turkey, foxes and waterfowl

(except electronic calls are legal during the Conservation Season for Blue, Snow and Ross' geese).

- Rifles or handguns with full metal jacketed ammunition.
 - Rifles or handguns with centerfire ammunition between 30 minutes after sunset and 30 minutes before sunrise.
 - Any loose shot other than non-toxic (as approved by U.S. Fish and Wildlife Service) or any shotgun shell loaded with shot other than non-toxic while hunting waterfowl, coots, gallinules, Virginia rails, and sora rails.
 - Tracer ammunition
8. UAV (unmanned aerial vehicles) cannot be used to hunt any wildlife.

Legal Trapping Devices and Definitions

1. Steel leg-hold traps must have an outside measure of jaw spread that is 9 inches or less, as measured at the widest point. Steel square instant-kill traps must have an exterior jaw

measurement 16 inches or less, as measured at the widest point, and steel circular instant-kill traps must have an exterior measurement 12 inches or less, as measured at the widest point.

2. Live traps are legal for taking any species of wildlife listed as having a trapping season. Live traps are defined as those traps that act as a cage after capture.
3. Steel cable snares having a minimum cable diameter of 5/64 inch and a maximum cable diameter of 3/32 inch are legal for all legal furbearer species during the legal trapping season. All snares shall have affixed a tag bearing the name of the owner. Spring activated snares other than Collarum snares are prohibited.
4. Commercially available dog-proof traps, also known as species-specific traps, are legal for trapping.
5. Cushion-hold traps, laminated jaw traps, off-set wide jaw traps, off-set laminated jaw traps and wide jaw traps with an outside measure of jaw spread that is 9 inches or less, as measured at the widest point and a minimum jaw thickness of ¼ inch, may be used for all sets. Double-jaw traps with an outside spread of 9 inches or less of the upper and lower jaw combined and a minimum jaw thickness of ¼ inch may be used for all sets.
6. For trapping purposes "water set" is defined to mean traps set in water adjacent to and part of streams, ponds, lakes, wetlands or other water courses and includes floating sets.
7. Trappers shall mark all of their traps with their name or TWRA ID number.
8. Steel traps placed inside a hole, cave or den or in a hollow log, hollow stump or any like place shall be placed twelve (12) or more inches inside the entrance of such place, and it is unlawful to place steel traps in the open, except for water sets and traps listed in number five (5) above.
9. Lethal sets such as instant kill traps and water set ("drowning") traps must be inspected every seventy-two (72) hours. All other traps must be inspected every thirty-six (36) hours and any wildlife caught in the traps shall be removed.
10. The #110 body grip or equal with maximum jaw size 6 inches x 6 inches is allowed for land use adjacent to waterways not to exceed 50 feet from the shoreline. The 6 inches x 6 inches trap shall be single-spring with a factory spring designated for that trap. The lowest point of the trap closest to the ground shall not be elevated more than one-half (½) inch above the surface of the ground. The trap shall be used as a non baited or lured set unless it is set at a minimum of 12 inches inside a hole, den or cubby.
11. For trapping seasons, see page 16.

Legal Hunting Hours

1. All big game and small game species (except bullfrogs, raccoons, opossums, migratory

birds and the chasing of foxes and rabbits) is permitted during daylight hours only (30 minutes before official sunrise until 30 minutes after official sunset) except turkey, which is open only until official sunset.

2. Hunting of bullfrogs, raccoons, opossums, the chasing of foxes and rabbits, and the trapping of furbearers is permitted day or night unless restricted by Proclamation. No foxes or rabbits may be shot while chasing/ training at night.
3. Hunting of migratory birds is to comply with federal regulations for migratory birds, unless restricted by Proclamation.

Migratory Bird Regulations

1. Federal regulations relative to baiting, firearms, bag and possession limits, wanton waste, tagging and methods of hunting are hereby adopted and will be applicable to hunting and/or taking of species listed.
2. No person shall hunt migratory game birds, except crows, with a shotgun of any description capable of holding more than three (3) shells, unless it is plugged with a one-piece filler, incapable of removal without disassembling the gun, so its total capacity does not exceed three (3) shells.
3. All persons who hunt migratory game birds are required to have in their possession a valid Tennessee Migratory Bird Permit (TMBP) in addition to other required Tennessee licenses and permits, with the following exceptions:
 - disabled veterans (who possess a Type 198 license)
 - landowners hunting on their own land
 - lifetime license holders
 - residents of Tennessee under 13 years of age
 - residents of Tennessee who are 65 or older
 - Military personnel on leave or furlough
4. Refer to federal regulations 50 CFR Ch. 1 (21.41 and 21.43) for conditions and restrictions applicable to the taking of crows in certain depredation or health hazard situations outside of the crow sport hunting season.
5. Pursuant to federal regulations, during the Light Goose Conservation Season, waterfowl hunters may use unplugged shotguns and electronic calls.

Miscellaneous

1. Where hunting is allowed from vessels, it is legal to hunt from any vessel, so long as the vessel is not under forward motion from any influence of mechanical means or sail. On private property, it is legal to hunt from any motorized vehicle (to include ATVs, golf carts, etc.), provided the vehicle is stationary. Nothing in this subsection (1) shall be construed as authorizing hunting from a vessel, automobile or other motor vehicle while under power. Nothing in this subsection permits hunting from or across a public road or right-of-way.

2. Hunters who have filled their seasonal or daily bag limit for any species may continue to accompany other hunters provided they are not in possession of any ammunition or any weapon. This person must also comply with all other legal requirements. Access for hunters accompanying may be limited on some WMAs. A bear hunter who has filled the daily or seasonal limit may continue to carry a firearm and take hogs where incidental taking is allowed.
3. Every game animal, wounded or unwounded by hunting and/or trapping and taken into possession by the hunter or trapper shall be immediately slain and become part of the daily bag limit. No person shall, at any time, or by any means, possess or transport live animals taken under the authority of hunting season proclamations.
4. Gigs, angling equipment, archery, rimfire and air firearms are legal for taking bullfrogs.
5. Archery equipment is permitted during the archery, muzzleloader and gun seasons. Muzzleloader equipment is permitted during the muzzleloader and gun seasons.
6. Pursuant to TCA 39-17-1351, persons with a valid handgun carry permit may possess a handgun the entire year while on the premises of any TWRA refuge, public hunting area, state owned wildlife management area or, to the extent permitted by federal law, national forest land maintained by the state, and private land. For other federally managed properties hunters should contact that specific facility or location. Nothing in this subsection shall authorize a person to use any handgun to hunt unless such person is in full compliance with all wildlife laws, rules and regulations.
7. During a deer archery only season, a fall turkey hunter may not be in possession of both archery equipment and shotguns and/or rifles.
8. During archery deer/bear seasons a properly licensed big game hunter may use air guns .25 caliber or smaller to hunt small game while archery hunting for deer/bear. During the muzzleloader and gun deer/bear season, a legal deer or bear hunter may use rimfire or airguns .25 caliber or smaller to hunt small game.
9. During an archery only or muzzleloader/archery only deer, bear or elk season, furbearers may not be taken with rifles and handguns using centerfire ammunition. During the gun/muzzleloader/archery seasons, furbearers may be taken by legal big game hunters licensed for the weapon they are using.
10. The use of suppressors/silencers is legal for persons possessing the required federal license from the United States Department of Treasury. Hunters using these devices must have proof of such license on their person.
11. A falconry permittee whose hunting raptor accidentally kills wildlife out of season, or the wrong species or sex, shall leave the dead wildlife where it lies; except that the raptor may feed upon the wildlife prior to leaving the site of the kill.

Legal Traps & Specific Regulations

Regarding legal trapping devices and specific regulations see page 14-15.

Bullfrog Hunting

All waters of the state are open to bullfrog hunting except waters within state and federal wildlife refuges. Season is open year-round, except on TWRA managed lakes the season is June 1–30. Bag limit is 20 per person, per night. The use of firearms is prohibited for bullfrog hunting on wildlife management areas and TWRA lakes, except air guns may be used. Only domestically raised bullfrogs or parts thereof may be sold. A hunting license is required to take bullfrogs. No WMA permit is required.

Raccoon and Opossum Hunting

Opossum can be taken during the raccoon hunting season, no limit. Night is defined as one 24-hour period beginning at sunset.

Private Land Season - Open sunset July 1 through sunrise Sept. 21, 2018. Bag limit is 1 per person per night. WMAs and all other public lands are closed during this period. Closed in Scott, Morgan, Roane, Rhea, Hamilton Counties and all other Tennessee counties east of those counties.

Statewide - Open sunset Sept. 21, 2018 through sunrise Feb. 28, 2019; bag limit 2 per person per night.

Special Regulations for Bear Reserves

On Andrew Johnson, Kettlefoot, and Laurel Fork Bear Reserves, raccoon and opossum hunting is prohibited one day before and during bear hunts that allow the use of hounds. During bear hunts that prohibit the use of hounds, raccoon and opossum hunters are limited to 2 dogs per vehicle.

Dog Training

Training of bird dogs and squirrel dogs is permitted year-round on private lands, during daylight hours only. Training of rabbit dogs is permitted year-round on private lands day and night. The chasing of foxes with hounds is permitted year-round, day and night. A hunting license is required while training dogs except when a person is competing in recognized field trials. When training on a WMA, a small game permit (see page 9) is required. Refer to specific WMA listings for WMA dog training seasons. See page 36 for bear dog training.

Raccoon Dog Training (no taking)

Year-round except where regulated by Private Acts. The following counties are regulated by Private Acts: DeKalb County is open for year-round training except in the portion lying south and west of State Hwy. 96 and U. S. Hwy. 70 where the training season will open 30 days prior to the hunting season. Refer to specific WMA listings for WMA raccoon dog training seasons.

* A free Light Goose Conservation Season Permit is required to hunt during the Conservation Season, available in late January on the TWRA website. Hunting is allowed from 30 minutes before official sunrise until 30 minutes after official sunset. There is no daily bag or possession limit. No Federal or state waterfowl stamps are required to hunt during the Conservation Season. Hunters must possess a TN Light Goose Conservation Season Permit and have a valid hunting license, but the license may be from any state.

Goose Zones

DON'T SHOOT UNLESS YOU'RE SURE

Be sure the bird you intend to shoot is a sandhill crane. Accidental or intentional shooting of a whooping crane is considered a dual violation and subject to state and federal laws. Don't shoot unless you're sure.

2018–19 Sandhill Crane Tag Drawings: Only individuals with a Tennessee Sandhill Crane Tag may hunt. Applicants must be at least thirteen (13) years of age to compete in the drawing. An Annual Hunting and Fishing License (Type 001), plus a Tennessee Waterfowl License (Type 005) or equivalent licenses (such as Lifetime or Annual Sportsman), are required in order to enter either drawing. Hunters receiving SE Crane Zone tags will not be eligible to apply for crane tags in the statewide draw. Tags are non-transferable.

SE Crane Zone Tags Hand-Held Draw: A total of 1,437 tags will be issued to 479 hunters (3 tags/ hunter) by hand-held draw. Individuals must be present at the draw to obtain the tags. These tags will be valid ONLY in the SE Crane Zone. All leftover tags will be included in the statewide tag drawing (2 tags/hunter). Date: August 11, 2018 Location: Rhea County High School, 885 Eagle Lane, Evansville, TN 37332

Statewide Tags Computer Draw: Hunters can apply through any TWRA license agent or on the internet at www.tnwildlife.org from Sept. 5-26, 2018.

A total of 1,274 tags (2 tags/hunter), plus any tags not issued at the handheld drawing, will be issued for statewide use through a computerized draw. The application period for the statewide draw is Sep. 5-26. These tags will be valid statewide, including the SE Crane Zone.

Check out www.tnwildlife.org for updates and details about handheld and computer draws.

Sandhill Crane Identification Test: All sandhill crane hunters must pass an internet-based crane identification test each year before hunting. All tags issued are invalid until the "Sandhill Crane Test" validation code is written on the tag. The purpose of this test is to improve hunter's awareness and ability to distinguish between sandhill cranes and other protected species which may be encountered while hunting. The test is available at www.tnwildlife.org.

Harvest Reporting: Each harvested crane must be accompanied by a completed kill tag (each tag allows harvest of 1 crane) and be checked in by the end of the calendar day of harvest by any Agency approved check-in method.

Also, hunters issued sandhill crane tags MUST fill out and return a post-season survey before February 10, 2019, regardless of whether they hunted or harvested a sandhill crane. Failure to return the post-season survey may result in hunters not being eligible to apply for a sandhill crane tag in future draws.

Federal Regulations: No shotguns larger than 10-gauge or capable of holding over 3 shot shells. Federally approved non-toxic shot is required.

If you have information regarding any illegal activities concerning protected species, please call the TWRA Poacher Hotline:

FEDERAL REGULATIONS SUMMARY

In addition to state regulations, the following federal rules apply to taking, possession, shipping, transporting, and storing of migratory game birds. This is only a summary. Each hunter should also consult actual regulations, which may be found in Title 50, Code of Federal Regulations, Part 20.

Restrictions

No person shall take migratory game birds:

- With a shotgun capable of holding more than three shells, unless it is plugged with a one-piece filler which cannot be removed without disassembling the gun.
- From or with the aid or use of a car or other motor-driven vehicle, or any aircraft, except that paraplegic and single or double amputees of the legs may take from any stationary motor vehicle. "Paraplegic" means an individual afflicted with paralysis of the lower half of the body with involvement of both legs, usually due to disease or injury to the spinal cord.
- From or by means of any motor boat or sail boat unless the motor has been completely shut off and/or the sail furled and its progress therefrom has ceased.
- By the use or aid of live decoys. All live, tame or captive ducks and geese shall be removed for a period of 10 consecutive days prior to hunting and confined within an enclosure which substantially reduces the audibility of their calls and totally conceals such tame birds from the sight of migratory waterfowl.
- Using recordings of migratory bird sounds, or electronically amplified imitations of bird calls.
- By driving, rallying or chasing birds with any motorized conveyance or any sail boat to put them in range of hunters.
- By the aid of baiting (placing feed such as corn, wheat, salt or other feed to constitute a lure or enticement), or on or over any baited areas.
- Hunters should be aware that a baited area is considered to be baited for 10 days after the removal of the bait, and it is not necessary for the hunter to know an area is baited to be in violation.

Closed Season

No person shall take migratory game birds during the closed season.

Shooting or Falconry Hours

No person shall take migratory game birds except during the hours open to shooting and falconry as prescribed.

Daily Bag Limit

No person shall take more than one daily bag limit per day.

Field Possession Limit

No person shall possess more than one daily bag limit while in the field or while returning from the field to one's car, hunting camp, home, etc.

Wanton Waste

All migratory game birds killed or crippled shall be retrieved, if possible, and retained in the custody of the hunter in the field.

Tagging

No person shall give, put or leave any migratory game birds at any place or in the custody of another person unless the birds are tagged by the hunter with the following information: The hunter's signature, address, the total number of birds involved by species and the dates such birds were killed. No person or business shall receive or have in custody any migratory game birds belonging to another person unless such birds are properly tagged.

Possession of Live Birds

Wounded birds reduced to possession shall be immediately killed and included in the daily bag limit.

Dressing

No person shall completely field dress any migratory game bird (except doves and band-tailed pigeons) and then transport the birds from the field. The head or one fully feathered wing must remain attached to all such birds while being transported from the field to one's home or to a migratory bird preservation facility.

Shipment

No person shall ship migratory game birds unless the package is marked on the outside with: (a) the name and address of the person sending the birds, (b) the name and address of the person to whom the birds are being sent, and (c) the number of birds, by species, contained in the package.

Importation

For information regarding the importation of migratory birds killed in another country, hunters should consult 50 CFR 20.61 through

Special Regulations

Hunting Hours

Ducks, Geese, Gallinules, Rails, Coots: One-half hour before sunrise to sunset (except where otherwise noted).

Sandhill cranes: sunrise to 3 p.m.

Plugged Shotguns

No person shall hunt migratory game birds, except crows, with a shotgun of any description capable of holding more than three (3) shells, unless it is plugged with a one-piece filler, incapable of removal without disassembling the gun, so its total capacity does not exceed three (3) shells.

Legal Shot

All federally approved non-toxic shot (bismuth-tin, steel, tungsten-bronze, tungsten-iron, tungsten-matrix, tungsten-nickel-iron, tungsten-polymer, tungsten-tin-bismuth or tungsten-tin-iron-nickel) are legal for waterfowl hunting. A complete list is available at www.FWS.gov/birds/bird-enthusiasts/hunting/nontoxic.php

Possession or use of any loose shot other than non-toxic shot or any shotgun shells other than non-toxic while hunting waterfowl, sandhill cranes, coots, gallinules, Virginia rails and sora rails is prohibited.

20.66. One fully feathered wing must remain attached to all migratory game birds being transported between a port of entry and one's home or to a migratory bird preservation facility. No person shall import migratory game birds killed in any foreign country, except Canada, unless such birds are dressed (except as required above), drawn and the head and feet are removed. No person shall import migratory game birds belonging to another person.

Federal Migratory Bird Hunting and Conservation Stamp

The law requires that each waterfowl hunter, 16 years of age and over, must carry on his or her person a valid Federal Migratory Bird Hunting and Conserva-

tion Stamp (Federal Duck Stamp) signed in ink across the face.

Dual Violation

Violation of state migratory bird regulations is also a violation of federal regulations.

Caution

More restrictive regulations may apply to National Wildlife Refuges open to public hunting. For additional information on federal regulations, contact: Special Agent-in-Charge, U.S. Fish and Wildlife Service, RM 132-C, U.S. Courthouse, 801 Broadway, Nashville, TN 37203. Telephone: 615-736-5532.

NEWS ABOUT REPORTING BANDED BIRDS

(<https://www.pwrc.usgs.gov/BBL/homepage/newinfo.cfm>)

As of July 2, 2017 the USGS Patuxent Bird Banding Laboratory (BBL) will no longer support a call center to receive Federal bird band reports over its toll free line. After July 2, 2017 band reports must be submitted through the mobile-friendly website, www.reportband.gov, by persons in the US and other countries, aside from Canada. Those who call the toll free line will hear a message announcing the change and directing them to the website. Those who call from Canada will be routed to the Canadian Wildlife Service Bird Banding Office (BBO) where they will either report to BBO staff or asked to leave a voice message.

The BBL encourages everyone reporting a band to use www.reportband.gov. A report requires only around 5 minutes to complete online. After a report is submitted, the date and location where the bird was originally banded is provided and a Certificate of Appreciation along with additional banding details (date, location of banding) will be sent via email.

Capturing and banding birds requires considerable effort, and documenting recovery or re-sighting of banded birds is essential to profit from that effort. Band recovery data are the basis for improving the conservation and knowledge of bird populations in North America. Please help the BBL, its many partners, and the birds of North America by continuing to report your band recoveries.

Woman Shooter Sydney Rockwell

By Jennifer Porterfield

Sydney Rockwell was born into a family of gun enthusiasts, so it was inevitable she would be introduced to shooting at a young age. In fact, she began shooting rifles at the age of 9 and attended a Hunter Safety Education course with her dad at age 10. But Sydney took what could have just been another hobby and has turned it into a highly successful competitive shooting career.

Sydney can trace her love of shooting back to age 10, when she went hunting with her uncle and took her first buck. On her 13th birthday, her mom took her along to an all ladies gun club, where she shot a Ruger .22 and immediately fell in love. She began attending the gun club meetings weekly and even was offered training after school by the owner of the range. This led to her being introduced to competitive shooting,

first with Steel Challenge, then IDPA matches and finally 3 Gun. Her success is reflected in the fact that she was recently featured as one of the NRA's Top 50 Women in Competitive Shooting!

While Sydney loves competitive shooting and particularly enjoys shooting at Dead Zero Shooting Park in Spencer, TN, she truly cherishes the time she gets to spend hunting with her uncle. She says, "I really think hunting has given me a great respect for nature and the outdoors," and she enjoys the opportunity to "unplug." Hunting is how she learned how to safely handle firearms at a young age and truly understand and appreciate the effects of a bullet when fired. The vigilance and safety tips she picked up from hunting, she says, has carried over into her competitive shooting and benefited her there, as well.

In the Fall of 2018, Sydney will begin her senior year at L&N STEM Academy where she is enrolled in all Honors and AP courses. She is the Executive Board Secretary in the Student Council, participates in several clubs, is captain of her school's golf team and has received numerous leadership and academic awards. Sydney hopes to continue competitive shooting on into college and beyond, perhaps one day even turning her love of firearms into a career. "My dream would be to have a job doing something in the firearms industry...perhaps weapons engineering." With her bright mind and drive to succeed, she will surely be successful no matter what her future holds.

If you hunt deer (or elk or moose) please read our updated CWD (chronic wasting disease) information at tnCWDfree.org

CWD is a deadly and contagious neurological disorder that can destroy populations of deer, elk, and other members of the deer family (cervids).

We have made significant regulation changes in order to prevent the spread of this disease into Tennessee.

Beginning in 2018, if you harvest a deer (or elk or moose) anywhere outside Tennessee, you may only bring the following back into the state:

- a. Meat with all bones removed.
- b. Antlers, antlers attached to cleaned skull plates or cleaned skulls - which have NO meat or tissues attached.
- c. Cleaned teeth - which have NO meat or tissues attached.
- d. Finished antler products and taxidermy mounts.
- e. Tanned hides or other tanned products.

CWD has **NOT** yet been found in Tennessee and is not known to pose a risk to human health. However, should CWD be discovered in Tennessee, it will absolutely have an effect on our white-tailed deer herd.

Visit tnCWDfree.org for more details.

Big Game includes deer, bear, turkey and elk. Hunting of big game is only authorized as specified by Tennessee Fish and Wildlife Commission proclamation.

For legal hunting methods, see page 14.

Fluorescent Orange: Hunters must wear on the upper portion of their body and head a minimum of 500 square inches of daylight fluorescent orange (blaze orange), visible front and back while hunting big game except on archery-only and turkey hunts. A hat and vest fulfills requirements. Blaze orange camo is legal if it contains 500 square inches of fluorescent orange. In those areas where the archery-only deer season dates overlap with another big game gun season (i.e. bear), archers are required to wear 500 square inches of daylight fluorescent orange.

Field Dressing Big Game: Evidence of species or sex of big game animals must not be destroyed prior to checking in and/or while the animal is afield. Normal field dressing, quartering and icing down of the meat is permitted. Turkeys must remain intact until checked in.

Big Game Found Dead: All big game found dead should be left where found and need not be reported. Individuals wanting to keep big game found dead, or any portion of the animal, must first contact the local Regional TWRA office within 48 hours for authorization.

Any vehicle in which an illegally possessed big game animal is found is subject to confiscation. Big game, except bear, accidentally killed by a motor vehicle may be possessed by any person for personal use and consumption if the TWRA or a local law enforcement agency is notified within 48 hours. A bear killed by a motor vehicle may be possessed only upon the issuance of a receipt from the TWRA.

BIG GAME CHECK-IN PROCEDURES

Big Game Check-In Procedures

Deer, Turkey and Bear

Deer, turkey and bear shall be checked in at any approved TWRA checking station, on the TWRA website, or by the TWRA mobile application before leaving the state or being gifted to another, and before the end of the calendar day. Evidence of the animal's sex, species and antlered status (if applicable) must remain with the animal while afield and until checked in. Turkeys must remain intact until checked in. After check in, the harvest confirmation number shall be available for inspection by TWRA personnel until time of final processing. Bears may be whole or field dressed, but must weigh 75 pounds or greater when possessed afield. If bears are quartered or boned out, the total of the meat, hide ect., must equal or exceed 75 pounds.

Elk

Elk shall be checked in as instructed in the hunter's informational packet.

All Big Game

It is a violation of this section to provide false information during the check-in process. By completing the required check-in information, whether on paper or electronic form, the hunter is affirming that the information as it appears on the permanent record is valid and correct. This harvest record is a legal document. The harvest confirmation number shall accompany any big game animals taken to a taxidermist or meat processor.

Mobile Application

If an animal is checked in using the TWRA Mobile Application, the "TWRA On The Go" app will automatically populate an entry in the Hunter's Harvest Log & Diary. That digital version containing a confirmation number is all that is required as long as you have an operating cell phone or other mobile device. If there are concerns about losing signal or battery power, it is advisable for you to keep a record of your confirmation number.

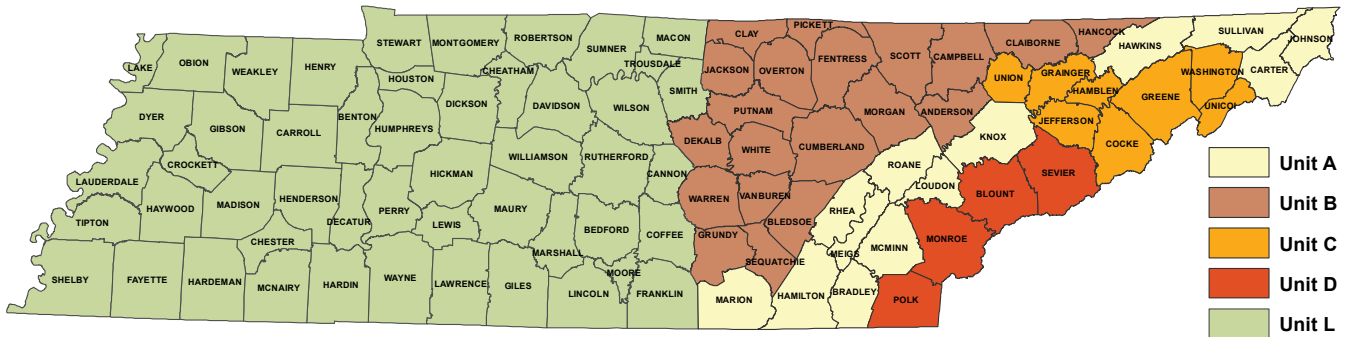

Emergency Hunting Season Closures:

Unusual events such as flooding, fire, or other environmental factors may necessitate the immediate closure of hunting seasons in specific areas of the state. Check our website (www.tnwildlife.org) for potential closure notifications.

Unit L: Private Lands Only Antlerless Deer Only*** (G/M/A)**	Jan. 7 - Jan. 11, 2019	3/day	CLOSED				CLOSED

* Youths 6-16 years of age may participate. Participating youth can use gun, muzzleloader, and archery equipment (G/M/A). Young sportsmen must be accompanied by a nonhunting adult, 21 years of age or older, who must remain in a position to take immediate control of the hunting device and who must also comply with fluorescent orange regulations, as specified for legal hunters. Multiple youths may be accompanied by a single qualifying adult. Antlerless bag limits for Units A, B, C and D are not to exceed a total of 2 antlerless deer for the four days combined.

** A Type 094 permit is required to hunt antlerless deer during this season except for landowners hunting under the landowner exemption (as described in T.C.A. 70-2-204) and Sportsman License holders. **A Type 094 permit is required for all ages.**

*** Hunting is allowed on all privately owned lands in Unit L (including leased land and lands owned by individuals). It is the responsibility of all hunters to obtain verbal or written permission to hunt on privately owned lands. No public lands or WMAs are open during this period. No antlered deer may be taken during this period.

Antlerless deer hunters may harvest up to the unit antlerless bag limit in each unit. Moving to a different county within the same deer hunt unit does not increase the hunter's bag limit.

Archery equipment is legal during muzzleloader and gun seasons, muzzleloading equipment is legal during gun season.

Big Game Hunters - check your state's regulations for restrictions on bringing your harvest out of state. TNCwdfree.org

Antlered Deer

- Antlered deer are male or female deer with at least one antler that is a minimum of three inches in length.
- The statewide bag limit for antlered deer is two (2).
- No more than one (1) antlered deer may be taken per day.
- The only way the bag limit of two (2) antlered deer may be exceeded is if they are taken on a public land hunt where antlered deer are noted as bonus deer (See WMA section for details).

Albino Deer

Hunting, trapping or possession of albino deer is prohibited as set forth in TCA 70-4-130. An albino deer is a deer with a lack, or significant deficiency, of pigment in the skin and hair, and has pink eyes.

White Turkeys

It is legal to take an albino, white, or abnormally colored turkey. However, keep in mind that many domestic turkeys strains are white in color, and it could be a neighboring farmer's turkey. All harvested turkeys must be checked in, regardless of coloration.

Multiple youths may be accompanied by a single qualifying adult.

** The following areas within BHZ4 are closed to bear hunting: Big South Fork National River and Recreation Area, Obed Wild and Scenic River Corridor, Scott State Forest, Catoosa WMA, Mt. Roosevelt WMA.

Bear Season Regulations

- Bear limit: One (1) bear either sex per license year.
- The bear bag limit for any person participating in the statewide or Bear Party-Dog hunt or both shall not exceed one bear per license year. This bear may be either sex.
- Cubs or female bears with cubs at side may not be taken at any time. A cub is defined as a bear weighing 75 pounds or less.
- Bears may be whole or field dressed but must weigh 75 pounds or greater when checked in. If bears are quartered or boned out, the total of the meat, hide, etc. must equal or exceed 75 pounds.

Legal Hunting Equipment

See page 14.

Taking Wild Hogs During Bear Dog Hunts: Individuals licensed to hunt bears may take wild hogs during any proclaimed bear dog hunt.

Bear Dog Training Season

The following bear hunt zones (BHZ's) are open for a bear dog training season during daylight hours only. No bears may be taken and no weapons may be possessed. (Bear reserves closed to dog training, refer to pages 64 and 71):

BHZ1 and BHZ2: Aug. 25 - Sept. 30, 2018; **BHZ3:** Sept. 5 - 14, 2018; **BHZ 4 and Transitional:** closed.

Restricted Bear Reserve Hunt

Open area: Private property located within the proclaimed boundaries of the Kettlefoot and Laurel Fork Bear Reserves.

		Kettlefoot	Laurel Fork	
Only Sep. 15-17 ^a	Archery, Muzzleloader, Gun Dogs Allowed	20 Bears	20 Bears	1 Bear, Either Sex. **Does not count towards statewide bag limit.

Special Regulations for Restricted Bear Hunt:

- If the cumulative harvest at the end of a day meets or exceeds 75% (at least 15) of the quota (20) the hunt will conclude at the end of legal hunting hours on that day.
- Harvested bears must be immediately taken to nearest designated special check station. (No electronic check-in permitted)
 - Kettlefoot:** Intersection of Hwy 421 and Hwy 133, Shady Valley, TN (look for signs)
 - Laurel Fork:** Hampton Bait Shop. 126 First Avenue, Hampton, TN
- Hunters should call a (423) 522-2467 or check the Agency web site to verify the hunt is open the following day. A message will be posted by 9:00 pm local time each day.

Attention Bear Hunters

Help with bear population monitoring by submitting a pre-molar tooth and body measurements from your harvested bear.

Why should I submit this information?

Now that hunters can check harvested bears electronically, it will be difficult for Agency personnel to physical collect enough age and weight data for monitoring population and harvest trends.

How do I collect the tooth?

The upper premolar is the tooth behind the canine (see photo). Using a knife or screwdriver, push the gum line toward the top of the head exposing more of the tooth. Loosen the tooth with the knife or screwdriver using the canine for leverage. This is an important step, because trying to immediately pull with pliers usually results in a broken tooth. Once loose, use pliers to finish the job. **Note:** The entire tooth, roots included, is needed. View an instructional video on how to correctly remove and submit a bear tooth at <https://youtube/gbq3P2AIY6I>

How do I take the body measurements?

See drawing below

Complete data sheet and mail with tooth to:

TWRA Bear Data Collection
3030 Wildlife Way
Morristown, TN 37814

All hunters that submit a tooth will receive an Agency Bear Cooperators hat this spring. Be sure to provide an accurate and legible address on the data sheet.

Chest Girth: Measure immediately behind the front legs, snug against the body. Measurement should include the entire circumference of the chest. As for the total length measurement, a rope works well for determining this measurement.

Total Length:

Measure from the tip of the nose, down the spine, to the tip of the tail. A good way to do this is to use a piece of rope to determine the length and then measure the rope using a tape measure on a flat surface.

ELK HUNTING

Elk Quota Hunts

www.tn.gov/twra/elk-hunt.html

Elk harvest is regulated by a quota permit system.

The application period for the elk quota hunts is June 20 - July 25, 2018. Permits available at TWRA license agents and online. Fifteen (15) quota permits will be issued in 2018. Each permit holder will be allocated a separate Elk Hunt Zone (EHZs).

One (1) of fifteen (15) quota permits will be issued to a qualifying non-profit wildlife conservation organization with all proceeds benefitting the TWRA Elk Management Program. The permit will be available through an online raffle. To purchase tickets for the raffle, visit the Tennessee Wildlife Resources Foundation website between May 30 and August 15, 2018 at www.twrf.net/store/2018-elk-tag-raffle.

Another one (1) of the fifteen (15) quota permits will be issued to a resident Young Sportsman, who is able to hunt all open EHZs.

Elk permits are valid for designated Elk Hunt Zones (EHZs) on North Cumberland WMA and on private lands in Anderson, Campbell, Claiborne, Morgan and Scott counties. All public land other than North Cumberland WMA is closed to elk hunting. It is the responsibility of elk permit holders to obtain verbal or written permission to hunt on private property. TWRA does not guarantee hunter access on private lands. Landowners are not exempted from this permit requirement and must be drawn for a quota permit to hunt. For legal hunting methods, see page 14.

Special Regulations

1. All harvested elk must be checked in at the North Cumberland Wildlife Management Area Office on the day of harvest.
2. The location must be adequately marked so that TWRA employees can identify the harvest site, which can be accomplished by either providing GPS coordinates or accompanying a TWRA employee to the harvest site.
3. Use or possession of electronic tracking equipment is prohibited.
4. Bugling or calling of elk is prohibited within the EHZs during all elk hunts except by permitted hunters and their assistants.

^b Resident youths 13-16 may apply for quota permit. Young sportsmen must be accompanied by a non-hunting adult, 21 years of age or older, who must remain in a position to take immediate control of the hunting device and who must also comply with fluorescent orange regulations, as specified for legal hunters.

^c EHZs are located on North Cumberland WMA only; all other public land is CLOSED to elk hunting. Hunting on private lands within the following counties is allowed only with landowner permission: Anderson, Campbell, Claiborne, Morgan and Scott Counties.

Big Game Hunters - check your state's regulations for restrictions on bringing your harvest out of state. TNcwf.org

General Regulations

Hunting Hours

Thirty minutes before legal sunrise to legal sunset.

Legal Hunting Equipment

- Shotguns using ammunition with No. 4 shot or smaller. No restriction on number of rounds in the magazine.
- Archery equipment (longbows, recurve bows, compound bows, and crossbows).
- Sighting devices including scopes are legal. Night vision, infrared, and other devices using artificial light to locate wildlife are illegal.
- A pre-charged pneumatic gun (Airbow) which shoots an arrow is legal for all hunters use during Spring statewide turkey season.

Prohibited Acts (see pg 14 for more details)

Baiting, possessing rifles, using handguns, possessing or using electronic calls, using live decoys, and loaded ammunition larger than No. 4 shot are prohibited. Turkeys may not be shot or stalked from a boat in Dyer, Haywood, Lauderdale, Obion, Shelby or Tipton counties.

Special Regulations

1. A licensed turkey hunter who has filled his/her bag limit or does not possess a valid permit for a quota hunt, may accompany another turkey hunter who has a valid permit (except on WMAs where prohibited) and assist them in calling, but may not have turkey hunting weapons in their possession.
2. On a Young Sportsman Hunt, youths must be accompanied by a non-hunting adult 21 years of age or older, who must remain in a position to take immediate control of the hunting device and is not required to have a license. Multiple youths may be accompanied by a single qualifying adult.
3. Turkeys must remain intact until checked in.
4. Turkeys defined as "bonus" animals on public land hunts do not count toward statewide bag limits (See WMA section for details).

Wildlife Management Areas

- Many WMAs are open with statewide seasons and bag limits, though some have restricted dates or quota hunts (see WMA section for details).
- Calling or attempting to call turkeys using any means to mimic the sounds made by turkeys is prohibited from March 1 to opening day of spring turkey hunts on all WMAs.
- WMA spring turkey quota hunt application period is from Dec. 12, 2018 – Jan. 16, 2019.

Fall Turkey

During the fall turkey seasons a turkey hunter may not be in possession of both archery equipment and shotguns and/or rifles. Any turkey harvested during these seasons count toward the county bag limit. Hunters may move to a different county and hunt turkey after filling their bag limit in a county.

Archery

Sept. 22-Oct. 26 and Oct. 29-Nov. 2, 2018 (Same as deer archery-only season)

Shotgun/Archery

Oct. 13-26, 2018

WILD HOG INFORMATION

Wild hogs in Tennessee

Wild hogs cause extensive damage to crops, wildlife habitat, contribute to erosion and water pollution, and carry diseases harmful to livestock and other animals as well as humans. It is illegal to possess, transport, or release live wild hogs.

Wild hog control for landowners

Landowners have more opportunity than ever before to control wild hogs on their properties. They can shoot wild hogs year-round during the day without limit and trap with bait outside of big game seasons. Furthermore, landowners may obtain an exemption from their TWRA regional office enabling them to kill wild hogs at night using a spotlight, trap year-round, etc. Once an exemption is obtained, family members and tenants that qualify under the Farmland Owner License Exemption (page 62) and up to ten additional designees may help private landowners with wild hog control efforts. For properties over 1,000 acres, an additional designee per 100 acres may be assigned. In order to renew each year, exemption holders are required to report the number of hogs killed on their property and the manner in which they were killed to TWRA. Landowners may also take advantage of technical assistance provided by TWRA to help with a trapping program or additional wild hog control techniques. USDA Wildlife Services personnel are also available to provide technical assistance for wild hog control. Call 629-255-6125.

Wild hog control for public land

In Region I, wild hogs may be taken during deer season by licensed deer hunters on Meeman-Shelby Forest State Park and Big Hill Pond State Park (the portion south of the railroad tracks).

In Region III, wild hogs may be taken incidental to deer hunts on the following WMAs: Alpine Mountain, Bridgestone-Firestone Centennial Wilderness, Catoosa, Skinner Mountain, Standing Stone State Forest, and Tellico Lake. Wild hogs may be taken on any deer or bear hunt on South Cherokee WMA. There are also the following wild hog control seasons in which the use of dogs is permitted: two five-day control seasons on Catoosa WMA and one three-day control season on Skinner Mountain WMA.

In Region IV, wild hogs may be taken on any big game hunt on the North Cherokee; any deer or turkey hunt on Kyker Bottoms Refuge; and on any hunt, small game or big game, on the Foothills WMA and the entire North Cumberland WMA.

On the Big South Fork National River and Recreation Area, wild hogs may be taken with a special permit during any deer hunts and by small game hunters after the deer season.

Refer to the regulations for individual WMAs and public hunting areas to determine how and when hogs can be taken.

Individuals licensed to hunt bears may take wild hogs during any scheduled bear-dog hunt.

For further information on wild hog disease risks, go to <http://www.tn.gov/twra/article/wild-hog-regulations>.

PUBLIC HUNTING

Other Hunting Lands

Other TWRA lands not proclaimed as a WMA or refuge are open with statewide seasons unless otherwise indicated.

Big South Fork National River and Recreation Area and Obed Wild and Scenic River

Not open to elk hunting. In addition to state hunting license, a Big South Fork Permit is required to take wild hogs. Hogs may only be taken during the deer season and the Jan.–Feb. small game season. All hogs must be taken with big game hunting devices. For information about obtaining a wild hog permit call Big South Fork NRRRA at (423) 569-9778 or the BSNRRA Brandy Creek Visitor Center at (423) 286-7275 or visit www.nps.gov/biso.

Tennessee State Forests

Operated by Tennessee Division of Forestry. State forests listed below are open to hunting during statewide seasons. For information concerning locations and state forest user regulations, consult website: <http://www.tn.gov/agriculture/topic/ag-forests-state-forests>

- Bledsoe State Forest
- Cedars of Lebanon State Forest
- Franklin State Forest
- Lone Mountain State Forest

- Stewart State Forest

Tims Ford State Park Hunttable Lands

Permit required, available at the Park Office. Same seasons and regulations as Owl Hollow Mill WMA. For more information call (931) 962-1183.

Big Hill Pond State Park(McNairy Co.) Hunttable Lands

The portion that is south of the railroad tracks is open to hunting during the statewide seasons. Wild hogs may be taken during deer season by licensed deer hunters.

Federal Refuges

Federal refuge seasons and regulations may be different from the ones listed in this guide. Contact the individual refuge for their specific seasons and regulations.

Chickasaw National Wildlife Refuge

(731) 635-7621

Cross Creeks National Wildlife Refuge

(931) 232-7477 - All hunters must have type 064 permit, even lifetime and sportsmans license holders. Available at all TWRA license agents.

Lower Hatchie National Wildlife Refuge

(731) 738-2296

Hatchie National Wildlife Refuge

(731) 772-0501

Reelfoot and Lake Isom National Wildlife Refuges

(731) 538-2481

Tennessee National Wildlife Refuge

(731) 642-2091 - All hunters must have type 064 permit, even lifetime and sportsmans license holders. Available at all TWRA license agents.

TWRA PUBLIC HUNTING AREAS (PHAs)

TWRA has established numerous PHAs; see list below.

A PHA is a specific land or water area, or both, not intensively managed that is established for the protection of wildlife species and public use by both consumptive and nonconsumptive users. PHAs differ from WMAs in that less intensive management activities occur and they are generally small and isolated from other TWRA managed lands. General WMA Regulations (pg 44) also apply to PHAs. However, WMA Permits are not required on these lands. For information on these areas and exact locations, search the interactive map (go to www.tnwildlife.org and search for Wildlife Management Area Maps).

Open with statewide seasons: Cowan Swamp (Franklin Co.), Shady Park (Robertson Co.), Battle Creek (Marion Co.), Whites Creek (Rhea Co.), Mullins Island (Cocke Co.)

Open with statewide seasons except archery equipment only for deer hunting: Anderson Pond (White Co.), Hampton Crossroads (White Co.), Long Branch (DeKalb Co.)

Open with seasons same as North Cherokee WMA (see pg. 71): Big Springs (Sullivan Co.), Henderson Swamp (Washington Co.)

STATE NATURAL AREAS (SNAs)

Open with statewide season, except as noted. For more information on these areas, see the Tennessee State Natural Areas website.

- Big Cypress SNA, coincides with Obion River WMA regulations.
- Duck River Complex SNA
- Elsie Quarterman Cedar Glade SNA
- Fate Sanders Barrens SNA
- Fall Creek Falls SNA
- Hampton Creek Cove SNA – Only turkey, grouse, rabbit, squirrel, and deer hunting (tree stands prohibited and archery only) allowed. Hunting dogs, dog training and motorized vehicles are prohibited.
- Ghost River SNA coincides with Wolf River WMA Unit 1 regulations
- Hicks Gap SNA
- Reelfoot SNA coincides with Reelfoot WMA regulations
- Sunk Lake SNA (northern unit only)
- Twin Arches SNA
- Honey Creek SNA – No hunting in the No Hunt Zone around Chariot Lodge.
- Walker Branch SNA
- William R. Davenport Refuge SNA

Hunting on TWRA Lakes

Hunting is permitted during the regular hunting season on the following lakes and adjacent state lands, except on areas posted as safety zones: Garrett Lake, VFW Lake, Whiteville Lake, Coy Gaither Bedford Lake, Laurel Hill Lake, Carroll Lake (no big game hunting allowed on Carroll Lake and State owned land adjacent thereto), and Reelfoot-Indian Creek Watershed Lakes. Trapping is allowed on Reelfoot-Indian Creek Watershed Lakes as set out in statewide regulations. Waterfowl hunting is permitted from temporary or natural blinds only on Garrett Lake, Laurel Hill Lake, Whiteville Lake, and Reelfoot-Indian Creek Watershed Lakes. Blinds and decoys must be removed daily from Garrett Lake, Whiteville Lake, and Reelfoot-Indian Creek Watershed Lakes. Boats may be used for waterfowl hunting on Garrett Lake, Laurel Hill Lake, Whiteville Lake, and Reelfoot-Indian Creek Watershed Lakes.

WILDLIFE MANAGEMENT AREA REGULATIONS

There are over 100 WMAs, PHAs and refuges across Tennessee managed by the Tennessee Wildlife Resources Agency. Varying in size from 53 to 625,000 acres, all WMAs are available to the public for various outdoor activities, although certain regulations do apply.

On areas open with the statewide season, regulations specific to the county are applicable, except when special regulations are listed specifically for individual WMAs.

General Regulations

Acts of disorderly, obnoxious or boisterous conduct, including acts which interfere with the orderly process of hunting, are prohibited. Violators shall be removed from the area and/or prosecuted.

Alcoholic beverages and illegal substances:

Possession of any alcoholic beverage, narcotic drug, barbiturate or marijuana while hunting within the management area is prohibited. No individual may be under the influence of these substances at any time while within a management area. The use of any alcoholic beverage is prohibited on these areas year-round: Catoosa, Cheatham, Chuck Swan, Forks of the River, Laurel Hill, Pea Ridge and Prentice Cooper, except in designated camping areas.

Bag limits: Statewide bag and possession limits apply unless special exception is indicated. Deer defined as "bonus" animals do not count toward statewide, seasonal or daily bag limits.

Baiting: The placement or depositing of any type of food to feed or attract wildlife on WMAs, PHAs, and Refuges is prohibited.

Dog training: Year-round unless otherwise indicated.

Firearms: Use, possession or transportation of firearms, bows and arrows or other arms and ammunition is expressly prohibited except when authorized. Firearms loaded with ammunition in either the chamber or magazine may not be transported in vehicles. A muzzleloader is considered to be unloaded if the cap or primer is removed. A crossbow is considered to be unloaded if the bolt/arrow is removed from the device. See page 12 for handgun carry regulations.

Horses: Permitted on roads and trails open to motorized traffic and other trails or routes established for their use, except as otherwise indicated. Riding off roads into fields, woods or on foot trails is prohibited unless otherwise provided.

Access Hours: Hunters (except raccoon, opossum, turkey and waterfowl hunters) may not enter prior to one hour before sunrise, and they must be out of the area by one hour after sunset. Raccoon and opossum hunters must be out of the area by one hour after sunrise except on Cherokee

WMA. Public access will be prohibited in the subimpoundments of Barkley Unit I, Cheatham Lake, Haynes Bottom, Old Hickory Units I and II, Camden Units I and II, Big Sandy, Gooch Unit A, Tigrett and West Sandy from two hours after legal waterfowl shooting hours have ended until 4 a.m. the following day during the late duck season(s).

Fluorescent (Blaze) Orange: Hunters must wear on the upper portion of their body and head a minimum of 500 square inches of daylight fluorescent orange (blaze orange), visible front and back while hunting big game except on archery-only and turkey hunts. A hat and vest fulfills requirements. Small game hunters hunting on public lands must comply with blaze orange requirements during big game gun and Young Sportsman hunts. Blaze orange camo is legal if it contains 500 square inches of fluorescent orange. In those areas where the archery-only deer season dates overlap with another big game gun season (i.e. bear), archers are required to wear 500 square inches of blaze orange.

Hunting near private dwellings: It is unlawful to hunt, shoot at, chase or kill with or without dogs any wild animal, wild birds or waterfowl on public lands (and WMAs) and waters within 100 yards of a visible dwelling house, without the owner's permission, whether or not such a dwelling is on public or private lands.

Litter: No litter or sewage may be deposited in the area.

Motorized vehicles: All motorized vehicles must be muffler equipped to suppress noise and be spark-arrestor equipped to prevent fires. Operation of motorized vehicles is confined to roads not designated as closed. Off-Road Vehicles (ORVs) are restricted to roads open to other motorized traffic (except where prohibited by state or federal statute) and designated trails only. ORVs may be operated during daylight hours and at other times when participating in authorized activities. Driving off roads into woods, fields or utility right-of-ways is prohibited for all motorized vehicles. Motorized vehicles may be prohibited on any agency-owned wildlife management area if deemed necessary to protect wildlife, vegetation and/or property. Some exceptions apply. See individual WMAs for specific restrictions.

No person shall damage or remove any trees or other plants, dirt, gravel or sod from any wildlife management area or other Tennessee Wildlife Resources Agency-controlled lands without specific authorization.

No species of wildlife may be harassed except those authorized to be harvested, and no animal killed shall be dismembered to the extent that its species and sex cannot be identified before checking out of the area.

Access to all caves on agency controlled lands is closed except to authorized personnel only, unless designated differently through signage or

agency brochures.

Overnight camping may be permitted on designated areas by permission from area manager, park ranger, lake manager, park superintendent or national forest supervisor. Such camping is subject to the limitation prescribed in the permit, if required. On areas where overnight camping is allowed, firearms and archery equipment must remain in camp except during legal hunting hours.

Pen-raised game birds: The release or possession of pen-raised quail is prohibited except on approved field trial areas on Percy Priest and Tellico Lake WMAs (Manager approval required).

Safety zones: Hunting is prohibited in safety zones except where provided.

Target practice is prohibited except on designated ranges. See page 41 for a list of TWRA firing ranges.

Unauthorized persons are prohibited from being in the area during big game hunts except when indicated. Unauthorized persons are prohibited from being in the wildlife management area during managed turkey hunts, except on the Cherokee, North Cumberland, Tellico Lake and Land Between the Lakes wildlife management areas. Only persons having valid turkey hunt permits for the hunt date are authorized to be on the management area. **Exception:** *A licensed turkey hunter, who has filled his/her bag limit or does not possess a valid permit for a quota hunt, may accompany another turkey hunter (except on Oak Ridge WMA) and assist him/her in calling, but may not have a gun or bow in his/her possession.*

Calling or attempting to call wild turkeys using any sound that mimics those made by a wild turkey is prohibited from March 1 to the opening day of the spring turkey hunts on all WMAs.

Wanton waste: Hunters are required to retrieve all crippled or dead game if possible and are prohibited from disposing of dead wildlife on WMAs.

Wheelchair-bound hunts, zones or blinds are open to hunters who are totally and permanently confined to a wheelchair as certified by a physician. On wheelchair-bound big game hunts, each wheelchair-bound hunter must be accompanied by a non-hunting assistant (age 16 years or older), except on Cordell Hull WMA and Cordell Hull Refuge, where the assistant may also participate in hunting. On wheelchair-bound waterfowl hunts, each wheelchair-bound hunter must be accompanied by at least one, but not more than three assistants (at least one of whom must be age 16 years or older), who may also participate in hunting.

On some WMAs, antlered deer legal for harvest must have an outside antler spread of 15 inches or larger. When judging the size of antlers in the field, remember the general guideline that if the outside antler spread is wider than the deer's ears, then the outside antler spread is at least 15 inches.

WILDLIFE MANAGEMENT AREA REGULATIONS

Big Game Hunting on WMAs

Permits: WMAs with a "BG" below the name require a Big Game WMA Permit in order to hunt big game, in addition to the regular hunting and big game licenses. There are two types of big game WMA permits for all WMAs depending upon the hunt: Quota and Special Season/WMA Nonquota Big Game. Quota Permits must be obtained by application to the Tennessee Wildlife Resources Agency and are allocated based upon a computer-generated random drawing. WMA Nonquota Big Game/Special Antlerless Season Permits (Type 094) are available at all license agents and offices of the TWRA and are valid for all nonquota big game hunts, including the Cherokee WMA, for the entire license year. Sportsman License holders do not need to purchase the nonquota permit and may apply for quota permits at no charge.

On the Cherokee WMA, a Type 094 or Type 095 is required to hunt big game and is valid for all nonquota Cherokee WMA big game hunts. Type 095 permits are not valid for any other WMA.

Cherokee party dog hunts: Hunters can apply online or at any TWRA license agent beginning in mid-June. Contact the Region III office (931-484-9571) for questions concerning these hunts.

WMA permits are not transferable.

Youth hunting big game on a WMA: Proof of hunter education certificate is required for youths 10 years of age and older. An appropriate hunting license is also required for youths 13 years of age and older. All youths, age 6–16, are required to have a WMA permit (Type 094) or a quota permit where applicable, unless they are hunting with a Lifetime License. Youths age 6–16 may also apply for WMA quota hunts. Youths age 6–16 must be accompanied by an adult, 21 years of age or older, who must remain in a position to take immediate control of the hunting device, who is not required to have a license (if not hunting) but must wear 500 square inches of blaze orange.

Young Sportsman's Hunts: Young Sportsman's deer hunts are for youths age 6–16 unless otherwise noted. Proper licenses and permits required. Each youth must be accompanied by a nonhunting adult 21 years of age or older. Both adult and youth must

wear 500 square inches of blaze orange.

WMA Big Game Quota Hunts: See page 46 for details and application periods.

Muzzleloading firearms are legal on all gun hunts except where indicated under the individual WMA listings.

Antlered and Antlerless Defined: Deer taken on antlered deer only hunts must be male or female with antler protruding three (3) inches above the hairline unless otherwise specified. Antlerless deer are defined as those deer with less than three (3) inches of antler protruding above the hairline.

Big Game Check-In Procedures: See page 31.

Treestands: The use of wire, nails or other metal material is prohibited in the building or attaching of climbing devices or hunting stands. Portable devices or stands that do not injure trees can be used. Hunting from permanent, attached stands is prohibited. Leaving any personal property, including treestands, unattended for more than 24 hours is prohibited without prior approval of the area manager. WMAs require that treestands must be marked with the hunter's TWRA ID number.

August Deer (Archery) Season: This season is closed on all WMAs that are open to statewide big game seasons.

Small Game Hunting on WMAs

On WMAs open with statewide seasons, the season dates, bag limits, weapon types, and ammunition types that pertain to the county where the WMA is located apply to that WMA, except special regulations listed specifically for those WMAs still apply. Small game hunters hunting on public lands must comply with blaze orange requirements during big game gun and Young Sportsman hunts.

Permits: In order to hunt or trap small game on WMAs with a "SG" below the name, individuals are required to have one of the following permits in addition to the regular hunting or trapping license: Annual Senior Citizen Sportsman License (Type 167); Annual Small Game only (Type 093); 1-Day Small Game and Waterfowl (Type 092); or Annual Small Game and Waterfowl (Type 091). Sportsman License holders or youths age 6–15 who are accompanied by an adult with a valid permit are exempt from purchasing a permit.

Closures during big game hunts: Closures may apply, see specific WMA listing for those closures.

Quail: On WMAs open with the statewide seasons, quail season runs from the 1st Saturday in November until January 15, unless otherwise noted.

Crow may be taken on small game hunt days that coincide with the statewide crow season unless an exception is noted.

Falconry: Open with statewide falconry seasons unless an exception is noted.

Raccoon and opossum hunting is open on sunset of opening dates shown to sunrise of the next day. Raccoon dog field trials permitted Sept. 1 - Apr. 30 unless prohibited.

Field Trials: Small game (except raccoon) and retriever field trials permitted year-round with approval of the area manager unless otherwise specified.

Dogs are allowed for small game hunting unless special exception is indicated. A permit is required for dog training on areas that require a small game permit. On Cherokee and LBL management areas, dogs are allowed on improved roads and in permitted camping areas. All dogs must be detained by chain or leash if not being legally used

for hunting.

Dogs are allowed during spring squirrel season except where noted.

Waterfowl Hunting on WMAs

Permits: WMAs with a "WF" below the name require either an Annual Small Game and Waterfowl permit (Type 091) or a 1-Day Small Game and Waterfowl permit (Type 092) in addition to a regular hunting license (Type 001) and Waterfowl license (Type 005). There are three exceptions: Lifetime Sportsman, Sportsman License holders and youths age 6–15 who are accompanied by an adult with a valid permit do not need a permit. Nonresidents must have either a Type 091 or Type 092 in addition to their license.

Wheelchair-bound blind sites: Certain WMAs have special blind sites established for wheelchair-bound hunters. See specific WMAs for regulations if applicable.

Temporary blinds and decoys must be removed at the end of shooting hours each day, unless otherwise indicated under the individual WMA listing.

All decoys must be removed by the owner of the blind within ten days after the close of waterfowl season, unless otherwise indicated under the individual WMA listing.

Blind Site Drawings

Individuals must produce the following licenses and permits in order to compete in the drawing: All areas (except Reelfoot) - Annual Hunting and Fishing License and an Annual Small Game and Waterfowl Permit, or Sportsman License, or any Lifetime Sportsman License. Reelfoot - Annual Reelfoot Preservation Permit, or Sportsman License, or any Lifetime Sportsman License.

Hand-Held Drawings

Hand-held drawings will be held on the first Saturday in August for the permanent (annual) waterfowl blind sites on AEDC (Woods Reservoir), Barkley (Unit I), Big Sandy (including Gin Creek Unit), Camden (Units I and II), Cheatham Lake, Gooch (Unit A), Harmon Creek, Haynes Bottom, Old Hickory (Units I and II), Reelfoot, Tigrett and West Sandy WMAs. Individuals wishing to compete in the drawing must appear in person at the designated location, with the appropriate licenses and permits, and submit an application between 7 a.m. and 10 a.m. The drawing will be held immediately after the last person signs up. One application is permitted per person, and no one may apply for more than one area. Each applicant must be at least sixteen (16) years of age to compete in the drawing or sign-on. The permittee, who is the person to whom the TWRA issued a permit, or any of their sign-ons, must occupy the blind by the legal shooting time on days they wish to hunt. The permittee or sign-ons have priority use (exclusive and uninterrupted) only if they are in the blind on or before the legal shooting time, regardless of whether or not the blind is occupied by another person or party; provided the permittee produces identification and his/her blind permit.

If the blind is not occupied by the permittee or a sign-on by legal shooting time, the first person or party occupying the blind shall be entitled to the privilege of its exclusive and uninterrupted use until the end of shooting hours that day. Exclusive and uninterrupted use entitles the person or party the right to exclude all others from the blind, at the person's or party's option, except for law enforcement personnel engaged in the performance of their duties; no more than 8 individuals, age 16 or older, may occupy a permanent (annual) draw blind at any time; no restrictions on the

No portion of a blind used for discharging firearms at game may be locked or barricaded when the blind is not in use.

Measuring an Antler Point

For deer check-in and on WMA hunts with special antler regulations, a measurable point is defined as a projection at least one inch long, measured from the tip of the point to the nearest edge of the beam, following mid-line of the projection, as illustrated below.

number of youths under age 16.

Permanent Draw Blind Sites

Waterfowl hunting on all the above WMAs (except Big Sandy, Camden (Unit II), Harmon Creek, Reelfoot, and West Sandy) permitted only from permanent blind sites allocated by the annual hand-held drawing, unless otherwise specified. On Big Sandy, Camden (Unit II), Harmon Creek, Reelfoot, and West Sandy, hunting is permitted from registered blind sites and from temporary blinds or hides. Temporary blinds and decoys must be at least 200 yards from any permanent blind. Blinds, blind materials, boats, hides and decoys must be removed at the end of shooting hours each day.

West Sandy (Springville Bottoms) and Reelfoot Lake

A valid Lifetime, Annual or Senior Citizen Sportsman License, or an Annual WMA Small Game and Waterfowl Permit (along with a Type 001 or 071 as appropriate) are the minimum required to register blinds on West Sandy. West Sandy blind sites must be registered at the designated location on the first Saturday in August by 10 a.m. (CST). A Reelfoot Waterfowl Blind Permit (Type 025) is required to register blinds on Reelfoot Lake. Reelfoot blinds must be registered with the TWRA Sales Office prior to August 1. All blind sites will be given a registration number, which must be displayed, using lettering 2 inches or larger inside the blind, or on a stake at floating blind sites. When floating blinds are moved to designated blind stakes, the number must be immediately transferred from the stake to the blind. No blind may be constructed or repaired or any floating blinds moved onto the area that have not met the deadline for registering that blind. Unregistered and/or unnumbered blinds are subject to removal. Individuals claiming permanent blind sites on these two areas may not compete in annual blind site drawings on any other areas.

Computerized Drawings

Blind/pool sites at Bogota, Chickamauga (Candies Creek, Johnson Bottoms, Rogers Creek, and Yellow Creek Units), Gooch (Unit E), Meeman-Shelby Forest State Park, Thorny Cypress, and White

Oak (Lebanon Pond area) will be allocated by a computerized drawing. Hunters can apply through any TWRA license agent or at www.tnwildlife.org from Sept. 5-26, 2018.

Hunters that are successful in drawing a blind/pool site on Gooch (Unit E), Bogota and Thorny Cypress must, two weeks or more prior to their hunt date, return to TWRA a "Notice of Intent" which states they do intend to hunt their assigned blind/pool. Hunters that are successful in drawing a blind site on Chickamauga (Candies Creek, Johnson Bottoms, Rogers Creek and Yellow Creek), Meeman-Shelby Forest State Park and White Oak must by Nov. 2, 2018 return to TWRA a "Notice of Intent" which states they do intend to hunt their assigned blind pool.

If the "Notice of Intent" is not received by TWRA by the specified deadline, the blind/pool will become vacant. Any vacant blinds/pools, will be reallocated by a hand-held drawing.

Candies Creek, Johnson Bottoms, Rogers Creek and Yellow Creek Units of Chickamauga hand-held drawings for vacant blind sites will be held Monday, Nov. 12, 2018 at 6 p.m. (EST) at the Hiwassee Refuge, 525 Priddy Lane, Birchwood, TN 37308. Information concerning availability of vacant blind sites can be obtained by contacting the Region III Office at 1-833-402-4698.

Meeman-Shelby Forest State Park hand-held drawing for vacant blind sites will be held on Saturday, Nov. 10, 2018. Registration will begin at 8 a.m. and take place at 10 p.m. at the Park Recreation Lodge (for information contact Chris Park at (901) 876-5169).

Gooch (Unit E) hand-held drawings for vacant blind sites will occur each Monday from Nov. 19 - Jan. 14 at 6 p.m. at the Kenton Gym, 206 West College St., Kenton, TN 38233. For more information contact Larry Armstrong at (731) 749-5587.

White Oak (Lebanon Pond area) will conduct a hand-held drawing for vacant blind sites on Saturday Nov. 10, 2018. Registration will begin at 8:30 am and the drawing will begin at 10:00 am at

the Milledgeville City Park, behind the Milledgeville Fire Station, off of Highway 22A. For information contact Chad Harden at (731) 687-3444.

Bogota and Thorny Cypress, hand-held drawings for vacant blind sites will occur each Monday from Nov. 19 - Jan. 21 at 6 p.m. at the Dyersburg TWRA Workbase. Information concerning availability of vacant blinds/pools can be obtained by contacting Jason Maxedon at (731) 285-6124.

All hunting on computer drawn areas is permitted only from designated temporary blind sites. A blind may not be hunted unless a hunter who was drawn for that blind site and hunt date is present and possesses a valid TWRA blind site confirmation number. If a drawn hunter is not present the blind site will not be hunted. A hunter drawn for a blind may bring up to four additional hunters. Decoys and temporary blinds may be left out during the specified hunt period.

Youths hunting Small Game or Waterfowl on a WMA: Youths, ages 6-15, must be accompanied by an adult, 21 years of age or older, who has a valid WMA permit and remains in position to take immediate control of the hunting device, except as otherwise noted.

Trapping on WMAs

Other TWRA lands not proclaimed as a WMA or refuge are open with statewide seasons unless otherwise indicated.

Permits: A WMA small game permit is required to trap on all areas that require a small game hunt permit.

High Impact Habitat Conservation Permit

This permit is required for hooved animal riding, bicycling, and OHV use on WMAs with an "HI" below their names. Refer to the individual listing for each WMA for more specific information on which activities are permitted.

Quota Hunts

What exactly is a quota hunt?

TWRA realizes that on some WMAs, the number of animals harvested must be restricted so there will not be a major impact on the wildlife. In these areas, the agency uses a quota hunt system. Wildlife biologists determine how many animals need to be harvested then determine how many permits need to be issued in order to reach their harvest goals. Hunters apply for individual hunts, and then a computer randomly selects hunters until all the permits are allocated.

How do I apply for a quota hunt?

All applications are electronically processed through the "Online License Center" on the internet at www.tnwildlife.org, through TWRA's "On The Go" mobile app, or through any TWRA license agent. No mail-in applications are accepted.

What is "priority"?

Tennessee has a priority point system in place for several of its WMA quota hunts. An applicant is awarded one point for each year he/she applies and is not drawn for that quota drawing, (i.e., WMA Big Game, Spring Turkey WMA, etc.). Applicants with the highest priority are always drawn first.

Priority Facts:

- In order to be drawn with priority, applicants must apply either alone or in a party in which all applicants have the same priority status. If a party includes a member with a different priority, that party (and all its members) will be drawn at the lowest priority of the application.
- Each applicant's priority is individual; it is only in the drawing that an applicant's party priority is considered. When a party is

unsuccessful, each applicant's actual current priority status will increase by one point up to the maximum.

- Each point system is unique and separate for the different quota drawings. When a person is drawn for a quota hunt, his/her priority points will be reset to "0" the following year.
- Spring Turkey WMA: Maximum of five (5) priority points.
- WMA Big Game: No limit. Currently the maximum number of priority points any hunter will have going into the 2018 WMA drawing will be twelve (12).
- WMA Young Sportsman hunts are given a maximum of two (2) priority points.
- Elk and youth elk hunts: No priority. An applicant successfully drawn may not reapply for 10 years.

How much does it cost to apply?

Unless you are a Sportsman License holder the cost is \$13.00 non-refundable for each permit applied for. Example: The "Maximum Awarded Permits" for WMA Big Game is two, meaning two drawings are held for the same pool of applicants. You may choose to enter one drawing; you will only be eligible for one permit, and the cost will be **\$13.00**, plus any applicable fees. If you enter both drawings, you will be eligible for two permits, and the cost will be \$26.00, plus any fees. You must choose the number of drawings, party information and hunt choices on one application. Please see the application instruction sheet for the hunt you are interested in for additional information (www.tnwildlife.org).

Using the Icons:

If an icon is listed in a WMA, that season is open with possible restrictions that will be listed.

If the Big Game and/or Small Game icon is listed, then all Big Game and/or Small Game species are open with the statewide season unless otherwise noted.

The top line of each WMA is a quick reference guide to see what species are open to hunting during the statewide season.

The WMA summaries supply hunt dates, bag limits and special regulations. There are general regulations that may not be listed but apply to all WMAs (pages 43-46). **Read ALL regulations before visiting a WMA.**

If there are special managed hunts or seasons, these will be listed separately underneath each WMA. Specific dates, bag limits, and/or restrictions will be listed there.

Special regulations pertaining to each WMA will be listed in blue italics below the WMA location and contact information.
